Mr. Gary Yourman
Greater Trenton Dart League

Dear Gary:

On behalf of Make-A-Wish® New Jersey and the wish children we serve, thank you for your unwavering support of our mission. I am pleased to share that the funds raised through the 2025 *Darts for Dreams* fundraising event will sponsor the wishes of 10 children! It is my pleasure to tell you more about these special children and their wishes:

Christell is a 9-year-old girl living with an immune system disorder. She enjoys playing Jenga with her brothers, cooking with her mom, and running around the playground with her friends. The two activities most dear to her heart are playing outdoors and spending time with her family; so, she declared her wish to go to the Kalahari Waterpark to zip down waterslides, splash around the pools, and eat lots of tasty food with her family!

Sarai is a 13-year-old girl who was diagnosed with a blood disorder at birth. Creative and smart as a whip, she likes drawing, playing chess, and practicing math problems. Sarai also enjoys playing tag with her friends and reading, and she will never miss a Dallas Cowboys game on TV! In fact, Sarai is such a big Cowboys fan that when asked about her one true wish, she declared: "I wish to go to a Dallas Cowboys home game!"

Mckenzie is a 10-year-old girl who was diagnosed with a nervous system disorder at less than a year old. Although she is nonverbal, she expresses herself through hand motions, her favorite songs, and blowing kisses to her loved ones! Mckenzie enjoys playing with sensory objects like popping toys, magnets, and books with fabrics and sounds. What brings her the most joy, however, is being in water! Her family explained that whether she is in a pool or at the beach, Mckenzie expresses contentment and comfort. Because of this, Mckenzie's family helped her declare her wish to have a pool of very own!

Skyler is an 8-year-old girl living with a nervous system disorder. She loves pink, playing peek-a-boo, and reading almost any princess story. Skyler also likes listening to happy music – especially happy tunes about her favorite character, Mickey Mouse! Skyler is nonverbal, but her parents see the joy that Disney brings her; so, they helped her declare her wish to go to Disney World! They are certain that a trip to "the most magical place on earth" will put the biggest smile on her face – especially getting to meet Mickey!

Roderick is a 15-year-old boy living with a blood disorder. He loves watching Avengers movies, practicing football and basketball, and playing video games. One of his favorite pastimes is shopping with his friends – especially at the bustling American Dream mall! When Richard was asked about his one true wish, he excitedly declared his wish to have a shopping spree at American Dream to fulfill his dream wish list of clothes, electronics, and accessories!

Shane is a 10-year-old boy diagnosed with leukemia. He enjoys drawing comics, playing Roblox and Minecraft, and roots for every single New York sports team! Shane is a big adventurer and knew exactly what he wanted for his wish: a camper, so he could take endless road trips across the country with his family!

Chris is an 8-year-old boy living with cancer. He likes to play video games, ride bikes with his sister, and jump sky-high at the trampoline park with his family! Chris also enjoys watching YouTube videos, which ended up being the source of inspiration for his wish when he saw photos of a beautiful Florida beach. Chris declared his wish to stay in an Airbnb in Florida so he could spend the week with his family splashing in the ocean, digging for buried treasure in the sand, and taking his very first airplane ride!

Giselle was diagnosed with an autoimmune disorder just before her first birthday. Now she is 9 years old, and she does not let her condition hold her back! Energetic, creative, and always on the go, Giselle can usually be found dancing, singing, or drawing. She also enjoys riding her bike, jumping jacks, and writing stories with her sister. When Giselle was asked about her wish, she was quick to declare her wish to go on a Disney Cruise! She is most looking forward to meeting Mickey and Minnie Mouse, zipping down water slides, and eating lots of delicious food!

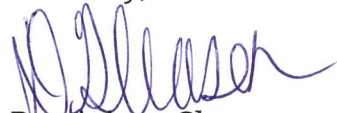

Johnny is a 5-year-old boy living with congenital heart disease. He enjoys reading Pokémon books, going to the playground, and jumping on his trampoline. He also loves dressing up as superheroes and video game characters like Spiderman and Mario! When asked about a magical wish, Johnny excitedly declared his wish to go to Disney World! He is most excited to meet his favorite Toy Story characters, introduce his sister to princesses, and see the iconic Magic Kingdom castle!

Jordan is an 11-year-old boy living with a neuromuscular disorder. He loves toy cars, soccer, and video games, and his favorite class in school is music. Shane's favorite movies are Jurassic Park and Toy Story, which he loves watching on family movie nights over a box of pepperoni pizza! In fact, Shane loves the characters from his favorite movies so much that he declared his wish to go to Disney World! Shane's face lit up as he described his plans of meeting Mickey Mouse and Goofy, watching fireworks shows and parades, and exploring every magical park while wearing a pair of Mickey ears!

I am happy to share that Christell, Sarai, Roderick, Shane, and Chris' wishes have all been granted, and planning is well underway for the heartfelt wishes of Mckenzie, Skyler, Giselle, Johnny, and Jordan. Please enjoy the enclosed photos of Christell, Sarai, and Shane's wishes-come-true which we hope you find uplifting as you think about the joy and lifelong memories your generosity has provided.

Thank you again for being a vital part of our mission to create wishes that bring hope, strength, and joy to the brave children we serve across the Garden State.

Sincerely,

Dominique Gleason
Director of Events

*I wish to go
to Kalahari Waterpark*

Christell, 9
immune system disorder

We want to thank Make-A-Wish for granting this amazing wish to Christell and our family. We are beyond thankful for this experience at the Kalahari Resort. We were treated with love and care, and we shared unforgettable moments as a family. We disconnected from our daily routines and shared quality time and bonding. Christell's face in these pictures shows the excitement she lived! Thank you again for this amazing wish.

With gratitude,
Christell's Family
