2013-2014 Player Information and Registration

Welcome to the 2013-2014 GTDL Season. Below you'll find the basic information you'll need to participate and be an informed and active member of the league.

Our online presence:

- [.trentondarts.com](http://trentondarts.com)
- Facebook.com/GreaterTrentonDartLeague
- PhillyDarts.com – Several members participate. Watch the message boards for regional luck of the draws and even qualifiers for larger tournaments.

Your information:

- One of the goals of the board of the GTDL is to get current, valid contact information for all players. We are currently about 75%.
- The purpose is so that we can alert all the players to updating events, news or a change of some kind. We realize that not everyone visits the website regularly, so this is another way to remind you to check.
- Players whose email addresses the league has are aware that all emails are blind copies, so others don't see your email address.
- We don't sell or give away your email addresses.
- All emails to the league players currently come from either John Tedder, John Lewandowski, Bill Cobb or Gary Yourman
- At the beginning of the season luck of the draw, and throughout the first few weeks, the board members and captains will be asked to help collect this information. Please be supportive and help them out. If you don't have contact with anyone in this group, please fill out the roster forms so we can collect the information that way.

General League Schedule: (Future dates are approximate. Notifications will be sent out and information posted on the website with actual dates).
